Issues Available in Our Library (Print Only)

For a list of the journals and their print issues available in our library / on campus, use this link:

Journals of BAU International Berlin Library in the ZBD catalogue

Please note:

The receipt of recent issues (from March 2018 on) is more up to date in our iOPAC than in the ZDB catalogue.

Older issues can currently be best found in the ZDB catalogue. They are being currently catalogued in our iOPAC.

For a quicker and more exact search for these journals in external catalogues, use their respective ISSNs (International Standard Serial Numbers). The ISSN is an eight-digit number used to uniquely identify a journal or other serial publication, e.g. 1388-4239 for the journal "Frame: The International Review of Interior Architecture and Design". For the journals available in our library, you will find the respective ISSNs in section “External Links“ below.

In our library iOPAC, searches using ISSNs lead to null results. Please use instead Advanced Search and type in the journal's name in the field Title.
External Weblinks

In the following list, you will find external links for the periodicals (Design, Architecture, Arts) owned by our library: journal archives, freely available full texts, as well as records of Barbaros Library at BAU Bahçeşehir University Istanbul.

Legend

- Journal issue archives  
  (in most cases only tables of contents and abstracts)
- Open Access and other freely available resources
- DFG National Licenses  
  (full text, in general accessible on campus only)
- Record at BAU Istanbul Library
- Record in the ZDB catalogue  
  (only given when no other link available)
