Erasmus mobility for staff members (incoming) at Berlin International University of Applied Sciences

1. General Information

For more than 25 years, the European Union has funded student and staff mobility, first via Erasmus and since 2014 via the Erasmus+ program. While student mobility continues to be the major focus of Erasmus+ mobility programs, the program offers additional opportunities for staff members to teach and train in Europe, funded by the European Commission.

The exchange is based on specific cooperation agreements outlining the details of the exchange. Mobility opportunities are open for both academic/teaching and non-academic staff members.

Berlin International is pleased to welcome colleagues from our partner universities both for teaching and non-teaching staff exchanges.

2. Staff mobility: Teaching

Teaching assignments can come in various forms: seminars, lectures, workshops and tutorials. The staff has to deliver 8 hours of teaching per week, including cooperative preparation and organization of sessions as well as individual teaching sessions. Actual teaching in this context requires the teacher to be physically present with the students.

If interested in a teaching staff exchange, please contact the Head of the respective study program (Business Administration, Communication Design, Interior Design, Product Design) and/or the Dean of the Faculty or the Erasmus Coordinator (erasmus@berlin-international.de). Application documents are handed in to incoming@berlin-international.de.

3. Staff Mobility: Training

This activity supports the professional development primarily of non-academic staff in the form of training events abroad, e.g. job shadowing/observation periods at a department, workshops, training programs.

If you are interested in a training staff exchange, please first contact our Erasmus Coordinator, Karin Schmidt (erasmus@berlin-international.de). Application documents are handed in to incoming@berlin-international.de.
